RAGTIME

★ THE MUSICAL ★

TIME and SPACE

The boy gazed at the roof, an exposition of corrugated green glass vaults and arches supported by steel ribs and needlelike steel columns. The light fell through this roof like soft crystal dust. Descending to the concourse of trains he looked right and left and saw as far as he could see in either direction the encouched locomotives waiting in an impatience of steam and shouts and tolling bells to be released on their journeys.

—E. L. Doctorow, *Ragtime*
